TOP FIVE VENUE REPORTS

Newton Investment Management Ltd (NIM)
Trades executed with venues
2018 Report | 30 April 2019

Under the MiFID II best execution regulations, investment firms are required to publish, on an annual basis, sets of reports outlining their top five execution venues in terms of trading volumes per class of financial instrument. The reports cover 22 classes of financial instrument, and for each of these asset classes we report:

- The names of the top five execution venues and their identifiers
- The total volume and number in percentage terms of all client orders executed on each venue
- Confirmation of whether we have executed an average of less than one trade per business day in the calendar year within the asset class.

The top five venue reports are published in their standard format. However, as Newton does not trade on behalf of retail clients, the final three columns (regarding passive, aggressive and directed orders) are not applicable to Newton's trading.

In line with regulations, we publish reports for all 22 asset classes, including those instruments which we do not trade. We also produce one set of 22 reports for those trades executed on venues, and a second set of 22 reports for those trades executed with brokers.

Additionally, for Newton Investment Management (North America) Ltd (NIMNA) clients, all orders are transmitted to Newton Investment Management Ltd (NIM) for execution as there is a single NIM dealing team for both entities. We are required to publish a report showing this transmission as NIM acts as the sole execution venue for NIMNA trades. NIMNA clients should therefore view the NIM reports for a full breakdown of the venues with which the single NIM dealing team executes trades.

Each April we publish reports covering the preceding calendar year.

Please see <https://www.newtonim.com/global/mifid2/> for full details of Newton's MiFID obligations.
